Membership numbers this year are as follows: 11 seniors, 54 regular for total of 65.

At the March meeting we voted to build a web site for the club. It is still under construction but very functional. The address is [www.Madisoncountyfishngame.com](http://www.Madisoncountyfishngame.com) when you go to visit use Google to search for it. Type the whole address in and hit search. Once you get the home page on your screen select favorites and add to your favorites list. You will only have to click on favorites next time you want to view the site. From now on we will post news letters, shoot dates, current events and monthly news on the site. All the Tuesday night league news will be posted, team scores, individual honors, etc. If any of you are still a little gun shy of acquiring this site, come see me at work, I'll show you, or call, I'll try and walk you through it.

On Saturday May 15, at the Southwest Zone Shoot, 3 members won honors. Ken Berger won Senior Vet Handicap. Corey Clemans won the short yardage handicap. Yours truly backed into the zone team alternate in the doubles. There were only six of us there, just think what we could do if we had more guys!
